* Each week Keiran will consider adding a bonus round to keep things interesting. The score for this round will be set by Keiran and notice will be given the week before

** There are two phrases that are NOT ALLOWED to be used by anyone for any reason during the course of the referral section of the meeting:

"I do not have a referral this week" ("I have done nothing this week" or "I have nothing to bring" are variations but mean the same and will have the same effect)

"That was a lovely/wonderful/amazing 10 minute speech" (Of course it was, the person spent some time preparing themselves, but saying so just wastes time and avoids the issue we are supposed to be talking about)
