Condensation Problems

We all now live in houses or flats that are centrally heated and double glazed this creates an almost vacuum packed environment afraid maybe to open the windows . Condensation can be a problem due to lack of fresh air circulating. This can cause moisture to form on cold internal walls.

Have you got these problems ? Black mold growing,

Or this forming ?

Insulating Lining Paper

This is a solution.

Laminated Polystyrene
with
1200 grade lining paper

This can be easily adhered to cold walls, painted or wallpaper no problem.

The finished Insulating lining paper after adhering to the wall and before painting or wallpapering. For a perfect finish , overhang with “Fibreliner”

Paintable

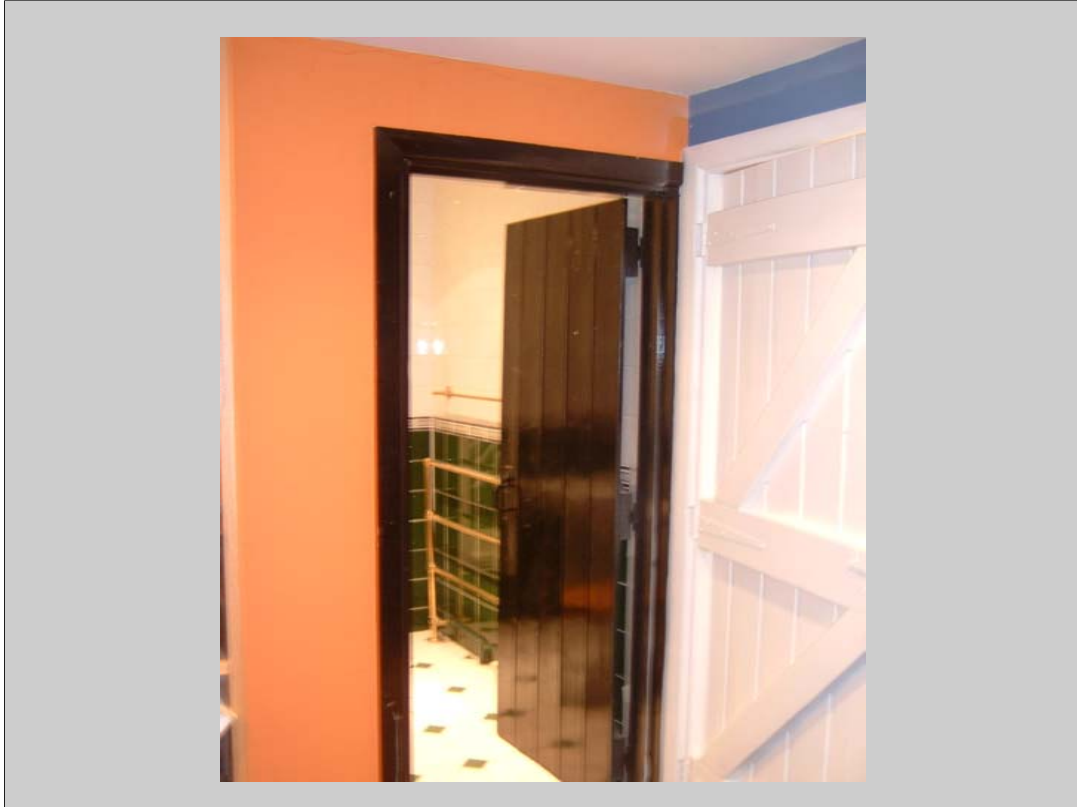

Transformation

Transforming old tired woodwork need not be difficult. Water based paints can now be used on all trim and woodwork instead of Oil based paints that yellow with age. Spray application is used for a perfect finish, gone are brush marks associated with oil paints. With acrylic paints no smell or fumes and is fast drying.

Acrylic Bright White Eggshell

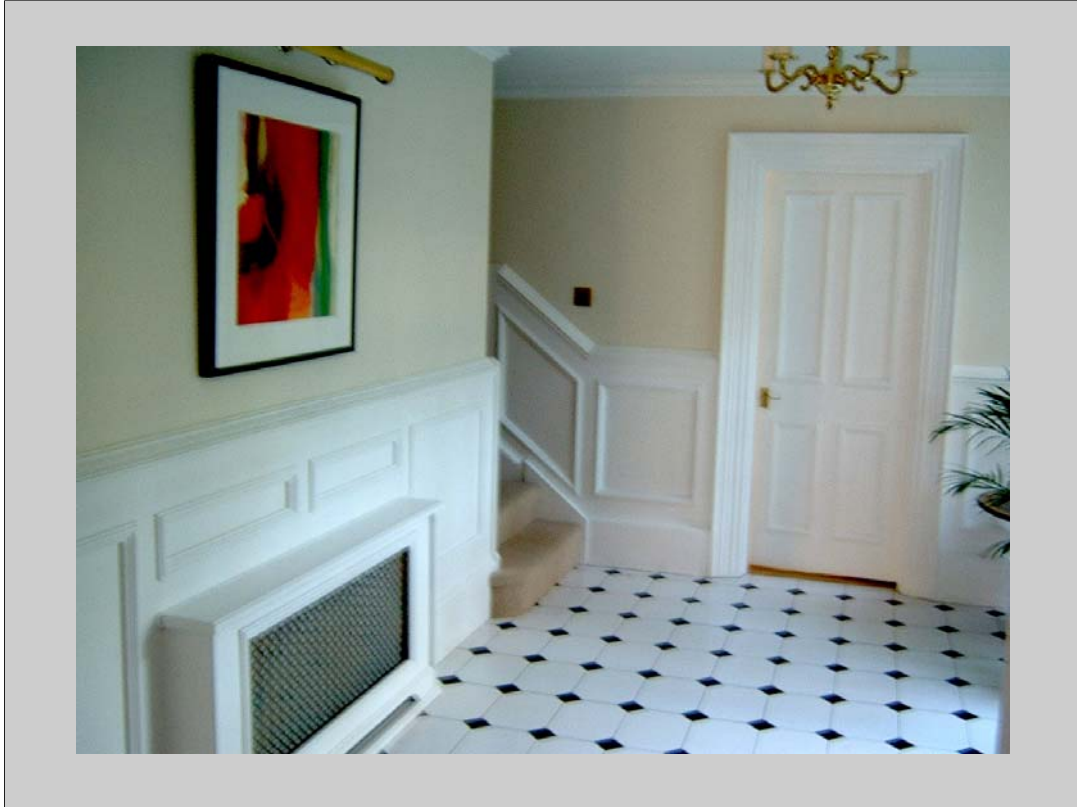

White Acrylic stays white longer
Can be mixed to any colour
Better finish by Spray application
Hard wearing

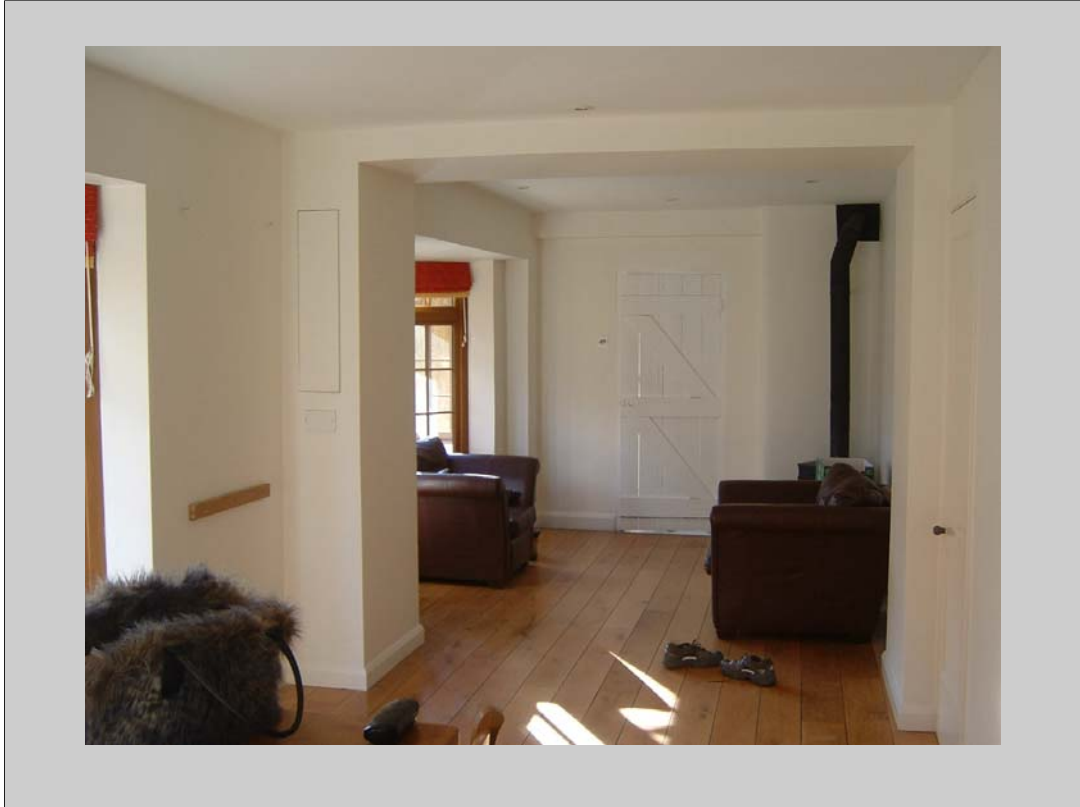

On the right hand side of this picture is an Acrylic coated door on the left Oil coated door.

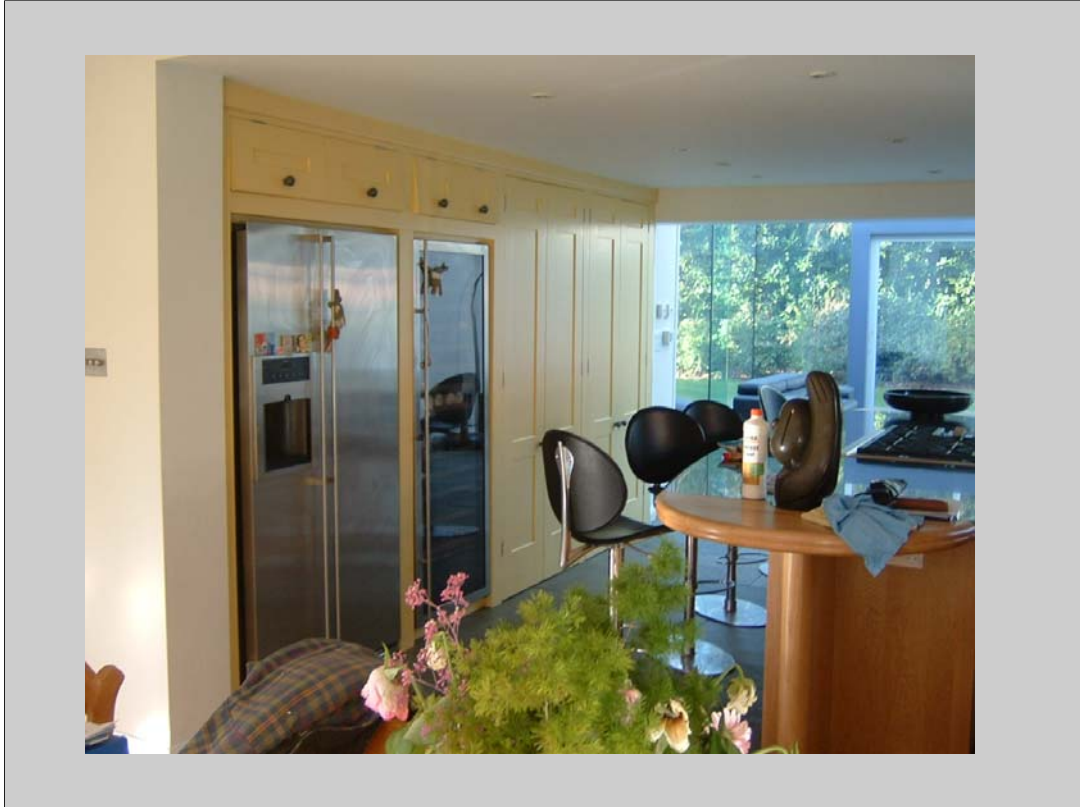

Banisters no problem an even coat of acrylic paint is applied from a Low Pressure High Air Volume spray unit that doe's not vaporize as associated with High pressure spray units.

The wood panels, door and radiator cover (acrylic paint doe'.s not yellow with heat from radiators) are coated in Bright White Acrylic paint. It has a superb finish stays white and is hard wearing and washable.

Door and skirting boards - Bright White Acrylic Eggshell finish paint.

Kitchen units revitalized.

A.G. SERVICES
Decorators

The logo consists of the text 'A.G. SERVICES' in a bold, red, sans-serif font, slanted upwards. Below this text is a graphic element resembling a brushstroke with three distinct colors: blue on top, yellow in the middle, and red on the bottom. To the right of the brushstroke, the word 'Decorators' is written in a smaller, multi-colored font where each letter has a different color.
